An impressive and very high quality Italian early 19th century Baroque st. giltwood mirror. The mirror retains its original mirror plate framed within a beautiful mottled foliate wrap around border. Stunning elaborate scrolled foliate movements extend along the border of the frame with an exceptional richly carved mask of a beautiful maiden at the base and striking dog and dragon face at the sides leading up to the stunning top crown. The majestic pierced top crown displays a powerful crown above an outstanding family crest with charming floral designs and a reeded center in a rich satin and burnished finish flanked by intricately detailed winged cherubs holding tassels and their hands upwards. All original gilt throughout.
