A stunning and unique French 19th century Neo-Classical st. ormolu and granite side table. The oblong shaped side table is raised by an elegant and most decorative circular mottled base with handsome finely detailed paw feet and beautiful richly chased berried laurel and foliate bands, and an impressive spiral fluted socle shaped support in a striking satin and burnished finish. The lightly curved central support displays a fine fluted design with large acanthus leaves and a lovely foliate band. Above is the original fitted granite top framed within a mottled ormolu band.
