A beautiful French 19th century Régence st. giltwood mirror. The mirror retains its original mirror plate set within a charming and most elegant scalloped giltwood frame. The frame displays a richly carved floral reserve amidst acanthus leaves at the base and most decorative scrolled foliate movements leading upwards with blooming flowers. The pierced top crown is centered by a striking mask of a beautiful maiden amidst a sunshine like burst, two eagle heads, lovely foliate scrolls, and a fine lattice background.
