A most elegant and very unique French early 19th century Louis XVI st. patinated wood and giltwood mirror. The mirror retains its original beveled mirror plate framed within a fine wrap around mottled and beaded border. The frame displays striking richly carved wrap around oak leaf band with charming and most decorative faux bois like acorns and floral accents with fine tied elements. Each corner displays beautiful carved rosettes with a wonderfully executed wood like painted design. All original gilt and patina throughout. This mirror can be displayed vertically or horizontally.
