A most impressive French turn of the century Louis XVI st. ormolu and Brèche marble console. The wall mounted console is raised by four striking jamb shaped supports with stepped bases fitted with an elegant mottled ormolu band and striking fluted carvings leading upwards to scrolled movements and richly chased fitted ormolu block rosettes. The powerful straight apron displays a superb fluted design and intricately detailed wrap around beaded and foliate ormolu bands. The thick top showcases the beautiful Brèche marble veins.
