A most elegant pair of French 19th century Louis XVI st. ormolu and white Carrara marble candelabras. Each three arm candelabra is raised by a square ormolu base with a fine wrap around beaded band below the socle shaped pedestal support decorated with lovely palmettes and a tied berried laurel band. The body displays a graceful curvaceous design with elegant pierced scrolled acanthus leaf handles leading up each side to the lightly curved neck with foliate designs and adorned with delicate swaging chains. The three arms above are seemingly growing out of the top with beautiful branch like designs with lovely etched leaves, beautiful buds and charming blooming flower candle cups in a wonderful satin and burnished finish. All original gilt throughout.
