A most elegant pair of French 19th century Louis XVI st. ormolu Bouillotte lamps. Each lamp is raised by fine discreet ball feet below a circular base with fine wrap around foliate designs. The tapered central supports display lovely fluted designs and are adorned with stunning richly chased acanthus leaves. Each finely curved arm displays charming and finely detailed foliate candle cups and floral bobeches. At the center supports are additional finely detailed leaves which lead up to the original adjustable gold tooled tole shades. Above are superb fletchings to adjust the shade and fine top acorn finials.
