A beautiful pair of French 19th century Louis XVI st. white Carrara marble and ormolu urns. Each urn is raised by charming ormolu topie shaped feet below the square base with a mottled border. The ormolu socle pedestal displays a tied fluted wrap around band and a foliate central support. The white Carrara marble body displays a fine mottled wrap around band, while lovely richly chased foliate movements lead up each side. Above the tapered neck is a charming and intricately detailed floral and foliate finial.
