A unique and exceptionally decorative pair of French 19th century Neo-Classical st. ormolu and faux painted marble tilt top side tables. The tables are raised by superb Greek key shaped feet above their original casters leading up to the beautiful scrolled supports. Each foot is connected by a fine stretcher with a lovely central topie shaped finial while the support above also displays additional charming finials. The circular tops display wonderfully executed faux painted green marble designs which tilt up via their original mechanisms and hardware at the underside.
