An elegant and unique pair of French 19th century Régence st. Belle Époque period giltwood and Vert de Patricia marble pedestals. Each circular pedestal is raised by a triangular base with concave sides, fine block feet, and a most decorative wrap around mottled band with a beautiful lattice design all centering a charming foliate reserve at the center. Three scrolled supports lead upwards decorated with richly carved acanthus leaves, fine foliate details and are each attached by a central tier with graceful central carved sunflower reserves and wrap around foliate borders. Above are the original fitted Vert de Patricia marble tops framed within a lovely wrap around reeded border.
