An exceptional and most decorative pair of German 19th century Neo-Classical st. Meissen porcelain urns. Each urn is raised by a circular base with a lovely wrap around foliate band below the fluted socle shaped pedestal support. The richly colored bodies also display beautiful fluted designs flanked by striking double scrolled serpent handles at each side with elegant gilt accents and connected by exceptional interlocking geometric wrap around bands. The top rims display reeded wrap around designs and lovely Vitruvian scroll wave designs. Each urn displays the Meissen signature at the underside of the base. All original gilt throughout.
