A most charming and true pair of French 19th century Louis XVI st. patinated Bronze and Vert Patricia marble statues of cherubs. Each statue is raised by a circular base with a mottled bottom border and a circular central column showcasing the beautiful Vert Patricia marble. Above are wonderfully executed patinated Bronze jovial cherubs, possibly of young Bacchus, seated amidst grape bunches and leaves. Each cherub has one of their hands up with one holding a pitcher while the other is holding a glass. All original patina throughout.
