An impressive true pair of French 19th century Renaissance st. patinated bronze and ormolu candelabra lamps. Each six arm lamp is raised by handsome paw feet below scrolled foliate designs and a circular base with a wrap around acanthus leaf band. At the center are finely detailed patinated bronze maidens draped in period attire. One is leaning on a ball on a pedestal while the other is leaning on a tablet holding a pen and a berried laurel wreath. Stunning scrolled foliate designs branch out to elegantly scrolled patinated bronze arms adorned with acanthus leaves leading to floral bobeches and mottled foliate candle cups in a rich satin and burnished finish.
