A stunning Italian 18th century Neo-Classical period oil on canvas of a classical landscape scene set in its original giltwood and patinated frame. The charming oval oil on canvas depicts a lovely landscape with a village in the background and a pleasant river flowing through. In the foreground is a family with a young boy tugging at his mothers dress and holding a fish in his hand, while the father is seated on a fallen relic with carved roman soldiers. The rectangular frame displays an elegant giltwood border with richly carved floral movements and seashell reserves and fine pierced foliate carvings set on a patinated background. All original gilt and patina throughout.
