An attractive Italian 19th century Neo-Classical st. white Carrara marble bird bath/ sink. The bird bath is raised by a mottled rectangular plinth below a handsome lion's paw and the 'S' shaped fluted column with a richly carved top acanthus leaf. Each side of the decorative pedestal has intricately carved scrolled grape vines all below a spiral design. Laying atop of the pedestal is the impressive bowl with a bottom reeded motif while at the center front is a nicely carved lion's head. Flanking the lion's head are additional scrolled designs within a scalloped shape which leads towards the back.
