A stunning museum quality Italian 19th century white Carrara marble statue of a girl with a seashell on her original pedestal. The statue is raised by its original pedestal column with a fine mottled design at the base and an elegant richly chased ormolu acorn finial used to swivel the top. The statue is of a beautiful wonderfully executed maiden draped in a fine flowing garment while sitting on a rock. She is holding a finely detailed seashell to her ear and is wearing her hair in an elegant updo. Wonderful subject matter and exceptional attention to detail.
