A most decorative and very large scale French 19th century framed wallpaper wall decor. The wallpaper is set within a straight patinated frame with an elegant mottled design. The wallpaper depicts a lovely scene in a French park on a beautiful clear day. To the right, with an aqueduct in the background, is a fountain with a female statue where children are playing below. At the center are two gardeners taking a break while elegantly dressed ladies head to the gazebo for an afternoon event.
